PEACE SOCIETY TO MEET IN MAY

Second World Court Congress
Will Convene in New
York Next Month.

The second world court congress is to be held in New York city on May 2-4, looking to the establishment of some arrangement that will not only provide an organization for the adjustment and judicial settlement of any international disputes that may arise, but will insure a lasting peace. The first world court congress was held in Cleveland, O., in 1915. It is assured that each and every state of the union will be represented in New York City at this congress, as this project, backed by some of the most prominent and influential Americans, is one that must find sympathy as well as deepest interest in the hearts of all the people of this nation.

Some of the prominent men who are actively associated with the world court congress are: The Hon. William Howard Taft, honorary president; Judge Aiton B. Parker, Hon. Bainbridge Colby, Henry C. Emerson, Mr. Miller, Sen. William Alden Smith, Sen. Albert B. Fall, Augustus Busch, Sen. Lawrence Y. Sherman, E. C. Stokes, Oscar S. Straus, Theodore P. Shonts, Col. John D. Brooks, Cardinal Gibbons, Former Vice Pres. Charles W. Fairbanks, John W. Wamaker, Andrew Carnegie, Dr. Samuel T. Dutton, Sen. John Sharp Williams, Dr. John Wesley Hill and numerous others.

The governors of 30 states as follows have also endorsed the movement: Charles S. Whitman, New York; F. B. Willis, Ohio; Marcus H. Holcomb, Connecticut; E. L. Phillips, Wisconsin; R. Livingston Beekman, Rhode Island; Henry D. Hatfield, W. Virginia; M. G. Brumbaugh, Pennsylvania; Oakley C. Curtis, Maine; Arthur Capper, Kansas; George A. Carlson, Colorado; John B. Kendrick, Wyoming; Samuel W. McCall, Massachusetts; Rol-

and H. Spaulding, New Hampshire; James Withycombe, Oregon; Woodbridge, Montana; Charles R. Miller, Delaware; Hiram W. Johnson, California; Ernest Lister, Washington; Park Trammell, Florida; Charles Henderson, Alabama; W. C. McDonald, New Mexico; J. F. A. Strong, Alaska; George W. P. Hunt, Arizona; M. Alexander, Idaho; Locke Craig, North Carolina; Luther E. Hall, Louisiana; A. O. Stanley, Kentucky.

President Issues Statement.
John Hays Hammond, president of the world court league, incorporated, has given out the following relative to the league's purposes:

"First and foremost it should be understood that the world court league is not a move to establish peace at this time; but an institution of value and usefulness for the future.

"It is the purpose of the league to begin where the Hague peace conference in 1907 left off. At that convention the following resolution was adopted:

"The conference recommends to the signatory powers the adoption of the project herewith annexed, of a court of arbitral justice and its putting in effect as soon as an accord shall be reached upon the choice of the judges and the constitution of the court.

"The objects of the world court league are to advocate and by agitation and appeal to secure the support of all people in the establishment of a world court for the settlement of all justiciable questions between nations—a rational alternative to war.

"Until the efficiency of an international court has been recognized by the laws and practices of civilized nations, the league likewise recognizes the right of every nation to adopt adequate measures for national defense.

To Create Peace Sentiment.

"The purpose of this congress will be to create a sentiment that will influence our government to take up the unfinished work of this last Hague conference and resume, through diplomatic channels, negotiations with the nations of the earth for the establishment of a world court at the close of the present war. The world's court league feels free to present this matter to the government since the organization of the league itself was with not

LEADER OF BRITISH TRADE REVENGE PARTY

WALTER RUNCIMAN.

LONDON, April 13.—Walter Runciman, president of the board of trade, in the British cabinet, is now looked upon here as the natural leader of the trade revenge party. He is the exponent of the severest economic measures to hamper German trade after the war.

A strong body of public opinion, including many leading business men, is opposed to him. They believe that Great Britain and her allies, in cutting themselves off with commercial intercourse with Germany in time of peace would be doing like the man who "bit off his nose to spite his face." In other words, Great Britain would suffer about equally with Germany.

only the consent but the approval of the present administration.

"Immediate preparations for the second world court congress is in the hands of the world's court congress, inc., organized to represent all societies which desire peace and not war, an international court instead of international conflict, and an invitation is extended to all such societies to participate in this congress."

The project of the court is a mature one. The time has come to take positive action looking toward its prompt establishment at the right moment. That it will be a powerful additional factor for the future peace of the world is not doubted. That it will build up international law, so essential to peaceful relations among men, is equally expected. The principle of this court has been established in fact and is accepted by all in theory. Every hour of war deepens the desire to prevent another war by providing judicial means for settling all justiciable issues between nations.

The program of the world court congress will be limited to the one topic of promoting a true international court of justice.

All who desire to see an international world court are invited to attend the coming congress that they may be instructed and aroused, so that adequate and efficient steps to this great end may be decided upon, and that the hands of the United States government, and of all other governments may be strengthened in every appeal and action to establish a world court.

CHINESE REVOLUTION DISQUIETS JAPAN

Opinion Held That It Will Be Difficult for Shi Kai to Retain Presidency.

TOKIO, April 14.—The revolution in China is causing some disquietude in Japan where the opinion is held that it will be difficult for Yuan Shi Kai to retain the presidency. In well informed circles, both Japanese and foreign, military intervention by Japan is regarded as extremely improbable unless the lives and interests of Japanese subjects should be imperiled. Should intervention become necessary, Japan presumably would act on the behalf of her allies, on account of the fact that they are occupied by the war.

Reports that the emperor has given Japan a free hand in China are discredited. Officials reaffirm the determination of the government not to interfere in Chinese affairs.

The opinion expressed in some quarters, but not officially, is in favor of the withdrawal of Yuan Shi Kai and the substitution of a stable government which would be more favorably disposed toward cooperation with Japan in the future development of the far east.

LORIMER BLAMES PAPERS

CHICAGO, April 14.—William Lorimer, who is being tried on charges of embezzlement and conspiracy growing out of the failure of his bank, the LaSalle St. Trust and Savings, testified in his own behalf Thursday. His story will be resumed Friday. From earlier witnesses, including business and political friends and two depositors who lost money in the failure, it appeared that Mr. Lorimer was a faithful husband and father, and that "his word was as good as his bond."

Mr. Lorimer said that antagonism of the Chicago newspapers, particularly the Tribune, lay at the root of his troubles in the senate and at the bank.

"They have fought me for 25 years because I would not do their bidding," said Mr. Lorimer. "They have not changed now, unless for the worse."

THE ONLY WAY.

"Is there no way of stopping these cyclones?" asked the man from the east. "No," replied the man from the west. "The best way is to go right along with 'em."—Ladies' Home Journal.
